

Bay Park Data Solutions

COVID-19

Health Symptom Checking App

Using Survey123 / Webhooks and ArcGIS Dashboard:

- Instant Notification Emails with results per survey sent in PDF/Doc attachment to anyone including health manager. (So that Managers can get live results on if an employee is sick)
- Instant Access to an online dashboard so that health managers can review daily results and be notified of anyone showing symptoms
- Location based option so that health managers can view which office or project location is affected by the symptomatic person.
- Automated reminder Emails available to be sent to employees daily
- Time saver of having a specific Health Checking survey template available
- Quick and inexpensive to get up and running

Employee Health Questionnaire

Please respond below for every employee working within our client's home on a daily basis:

Today's Date:*
Defaults to today

Work Date:*

Company Name:
Jackson Design and Remodeling

Jobsite:*

How many employees will work at this jobsite on this date?*

Employee Name (1):*

Have you had a fever in the last 14 days?*

Yes No

Have you had any cold or flu-like symptoms to include fever, cough, sore throat, shortness of breath, or wheezing in the last 14 days?*

Yes No

Have you had any international travel in the last 14 days?*

Yes No

Have you had close contact with anyone who has tested positive for COVID-19 or anyone who has traveled internationally within the last 14 days?*

Yes No

Please read and sign below

I have reviewed the above questionnaire with all employees and to the best of my knowledge these employees have answered the above questions truthfully.

If any person listed above answered yes to any of the questions, they were not permitted onto the job site and will not return to the jobsite premises for at least 14 days.

If any employee's health status changes, I will notify my employer listed above as well as Jackson Design and Remodeling immediately.

Type your full name here:*

Position with Jackson Design and Remodeling:*
